

**General Notes**

The information depicted on the map represents the results of surveys made on the date indicated and can only be considered as indicating the general condition at that time. Unless otherwise noted on this map, all depths and soundings are in feet and referred to the International Great Lakes Datum 1985 (IGLD 1985) and all northward positions are related to North American Datum 1983 (NAD83). See the S-16 (Special Notes) area for appropriate datums. To have a digital version of the survey emailed to you, visit: <http://www.ltr.usdcmg.com/atl/atlview/survey/navigation-chart.html>. Click on the link "SURVEY SECTION" to send a message confirming your request. This drawing was prepared using a CAD system.
